NEW EcoFry[®]

USA

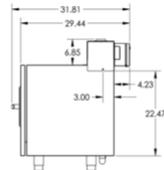

EcoFry Ventless Control

MODEL LF1036166-1

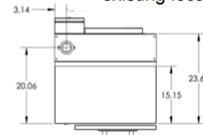

EcoFry is an add on accessory to your LightFry oven that permits you to operate in compliance with the UL KNLZ (EPA 202 test method) standard for ventless cooking.

DIMENSIONS

Dimensions above are in Inches

Standard Features

- Easily installs on your LightFry oven
- Requires 120-volt, 20-amp power
- No effect on the cooking performance of the oven
- All stainless-steel construction
- Interlocks with the LightFry for seamless operation
- 1 Year parts and Labor

Weight and Size

- 32 lb. unpacked
- Shipping Dim: 34 in x 16 in x 9 in
- Shipping weight, 38 lb

Benefits from using the EcoFry

- Certified by Intertek for ventless operation on raw proteins
- Eliminates the need for a Type 1 vent hood for greasy exhaust
- Reduces the cleanup requirements around the oven
- Simplifies the process of installing the LightFry oven in existing locations

RPI INDUSTRIES, INC.

The ONDO[®] Experience is Easy as
SCAN, GRAB, and ENJOY!

Benefits to businesses

- Reduce Labor and associated costs
- Reduce human error
- Line reduction
- Increased Food Safety
- Streamline 3rd party delivery

Benefits to customers

- No waiting in lines
- Food is delivered at the optimal temperature for enjoyment and safety
- Pickup is as easy as scan, grab and enjoy

Brooklyn Dumpling Principal, Stratis Mortogen talks about how the Ondo Food Locker System has transformed his business.

Give Your Customers the Gift of Peace of Mind with the Blue Hose

The holiday season is a busy time of year for your clients in the food service industry. A faulty gas connector should be the last of their concerns, especially given the stressful nature this time of year brings. Give your customers the gift of peace of mind this year by installing new or replacing their old gas connectors with the **Dormont Blue Hose®**.

This moveable grade connector, available in lengths ranging from 12" to 72", links your gas appliances to the pipes that energize your stationary, portable, and caster-mounted equipment.

The **NAFEM Show 23** #1067
 FEBRUARY 1-3 - ORLANDO, FL
 ORANGE COUNTY CONVENTION CENTER

Made of **304 stainless steel corrugated tube** covered with a tight weave **stainless steel braid**, the Blue Hose is coated with an **antimicrobial PVC coating** that inhibits the growth of bacteria, mold, and mildew on the connector. Interested in more information? Connect with one of our product experts to learn how the Blue Hose connector can upgrade your customers' kitchens.

Converge Multi-Cook Oven

UL Listed

Converge® Multi-Cook Ovens combine the flexibility of a multi-cook oven, power of Structured Air Technology®, and the versatility of combi cooking in each oven chamber. Controlled humidity to execute an all-day menu and boost production capacity. Increase production capacity without increasing labor. Two or three independent ovens in one give you the freedom to steam, air fry, bake, grill and more at the same time without flavor transfer—all in a ventless, self-cleaning design.

CMC-H2H

CMC-H3H

Standard features

- Three cooking modes—steam, convection, and combination
- Single-point probe on Deluxe control models
- Programmable, touchscreen control
- Easy recipe upload/download via USB port
- Four fully automated cleaning cycles
- Integrated catalyst wash
- Front-accessible and retractable rinse hose
- LED illuminated door handle is designed for the needs of the busy kitchen, and provides visual notification of the oven status
- Absolute Humidity Control™ allows for selection any humidity level from 0-100% to maximize food quality, texture, and yield
- EPA 202 compliant

As most of you know, BSE believes in giving, so '22 was no different. BSE gave in record numbers this year, dividing \$50,000 between Operation Mend, Folds of Honor, the people of Ukraine and various food kitchens around our area, which was BSE's first charitable effort when we had to pick one cause to have impact. We are so fortunate to be able to give aid to those in need and pick causes which truly have impact on our local community and this great nation we have the privilege of living in. We obviously thank each of our customers for the ability to contribute to these causes, and each of you should take pride in these contributions as well. We hope to increase our help towards nation and community in '23.

So, with NAFEM next week, there is no more time to look back. Here we go again, with new products, new people and new opportunities. BSE will be in Orlando with 15 people strong, looking to educate ourselves and our customers with new products and innovation. I am excited to see the new technology, and even the robotics I keep hearing about. Cheers to the start of another year in foodservice, officially my 37th, and as I say every January, let's make it our best ever! More importantly, I wish for each reader, whatever you wish for yourselves and your loved ones in 2023. Good health, inner serenity and peace on earth for all. We live in the greatest country in the world, this experiment in democracy, so G-d Bless America and the men and women who protect and defend us all.

Jeff
